Grounded Theory: A Practical Guide

Melanie Birks, Jane Mills

Grounded Theory: A Practical Guide Melanie Birks, Jane Mills

This highly practical book introduces the whole range of grounded theory approaches, providing a comprehensive description of the strategies and techniques employed in this methodology. Unlike most existing books in this area, it is not written from a particular philosophical standpoint, and is the ideal first introduction for any student or researcher looking to use grounded theory in their analysis for the first time.

Birks and Mills' accessible and highly-readable text is driven by practical case examples throughout to help the reader get to grips with the process of doing grounded theory analysis for themselves. The book deploys a variety of educational activities to guide readers through both the principles and the application of grounded theory, making this an ideal starter text for those new to the approach.

This updated second edition:

- guides the reader through each step of the grounded theory process
- clearly explains how to memo effectively, using examples
- includes a chapter which explains the difference between data generation and collection
- features information on how to use digital resources to manage data
- discusses the philosophy and ethics of grounded theory within the qualitative paradigm.

From reader reviews:

Melissa Ray:

Nowadays reading books become more than want or need but also become a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book in which improve your knowledge and information. The information you get based on what kind of book you read, if you want attract knowledge just go with training books but if you want experience happy read one along with theme for entertaining for example comic or novel. The actual Grounded Theory: A Practical Guide is kind of reserve which is giving the reader unstable experience.

Vincent Johnson:

Are you kind of busy person, only have 10 as well as 15 minute in your time to upgrading your mind talent or thinking skill perhaps analytical thinking? Then you are experiencing problem with the book as compared to can satisfy your short period of time to read it because pretty much everything time you only find guide that need more time to be study. Grounded Theory: A Practical Guide can be your answer since it can be read by a person who have those short free time problems.

Julie Chambers:

Beside that Grounded Theory: A Practical Guide in your phone, it may give you a way to get closer to the new knowledge or data. The information and the knowledge you may got here is fresh from the oven so don't possibly be worry if you feel like an older people live in narrow town. It is good thing to have Grounded Theory: A Practical Guide because this book offers to you personally readable information. Do you sometimes have book but you do not get what it's interesting features of. Oh come on, that will not end up to happen if you have this with your hand. The Enjoyable set up here cannot be questionable, such as treasuring beautiful island. Techniques you still want to miss that? Find this book and also read it from today!

Anthony Bankston:

Reading a e-book make you to get more knowledge from that. You can take knowledge and information from a book. Book is published or printed or highlighted from each source that will filled update of news. In this modern era like currently, many ways to get information are available for you actually. From media social including newspaper, magazines, science reserve, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Isn't it time to spend your spare time to open your book? Or just in search of the Grounded Theory: A Practical Guide when you essential it?
