Astronauta (Italian Edition) Anna Rita Tenuta

In una sonnolenta e fantomatica cittadina statunitense, nel cuore della notte, si verificano strani fenomeni. Ricky, un adolescente alla costante ricerca di notizie sulle antiche civiltà, decide di indagare coinvolgendo un ristretto ma fedele gruppo di amici. Il ragazzo giustifica il suo morboso interesse per i popoli del passato come bisogno innato di scoprire aspetti oscuri e inquietanti che sono all'origine di riti cruenti e inspiegabili. I compagni di Ricky ignorano che in realtà egli ha maturato già da tempo una teoria assurda sull'origine del genere umano, ma non intende condividere con nessuno i suoi sospetti. Almeno fino a quando le prove raccolte non saranno sufficienti a giustificare questa incredibile convinzione. Un libro indecifrabile, una frase sibillina, i fenomeni inquietanti che incombono sull'abitato fanno leva sulla sua curiosità. Il giovane, insieme al suo intraprendente gruppo di amici, si mette sulle tracce dell'occulto mistero, ma da quel momento le redini del suo destino saranno guidate da una mano invisibile che lo spingerà nel baratro del passato, in una dimensione spettrale che ha come sfondo Il Viale Dei Morti, un macabro sito archeologico del Messico. Ricky dovrà fare i conti con un'identità ancestrale, sepolta nei recessi della sua mente, che gli consentirà di avere accesso ad uno sconvolgente segreto.
