The Minstrel's Tale Berit Haahr

A rollicking adventure set in medieval England about a heroine who refuses to live by other people's rules.

Judith of Nesscliffe is 13 years old and her stepfather thinks it's time she married. Her future husband is at least 30 years older than she is and already has five daughters--some of them older than Judith. Now he wants a son and heir. Judith has other ideas. Wearing boys' clothing to disguise herself, Judith becomes Jude and runs away from home. With only a falcon for company, she sets out on a 150-mile journey to join the King's Minstrels. Along the way, she is attacked by thieves and forced to defend herself against the advances of a young woman who thinks that "Jude" would make an ideal husband. But she also finds her own true love as well as a way to live the life she chooses.
