Why does Canada have such an inflated portion of the global bubble gum market? What is driving modern versions of the old penny candy store? *Candymaking in Canada* takes the wrapper off Canada's thriving chocolate and sweets industry. Confectionery is a global business with remarkably regional tastes, and this book offers a first-time glimpse inside it. It's a nostalgic look at the chocolate phenomenon, the role of seasonal treats, and the importance of packaging. From the sugary highs to the low-fat lows, this is the story behind many of Canada's favourite brands in a beautifully illustrated volume.
