**Zombies: A Hunter's Guide (Deluxe Edition) (Dark Osprey)** Joseph A. McCullough

The dead have always walked among us, from the shambling corpses of Eastern European folklore to the drug-created zombie of Haitian voodoo. Now, in the post atomic-age, advanced science and globalization have increased the threat a thousand fold. Since World War II, the number of zombie outbreaks has increased every year, while governments desperately try to cover up the facts.

Zombies: A Hunter's Guide contains all of the information necessary to recognize and combat this growing threat. Beginning with an explanation of the historical origins of zombies, it follows their history straight through to the threat they pose to the world today. All varieties of zombie are cataloged and examined, giving their strengths and weakness, with a special emphasis on recognition and elimination.

Finally, the book covers the tactics and equipment used in zombie fighting, from the man on the street with his sharpened hockey stick to the latest fully automatic grenade launchers and anti-undead armor employed by top-secret government "Containment Teams." Accompanied by numerous full-color reconstructions to help with identification, this book is a must for anyone on the frontlines of the Zombie Wars.
