*Bullying: Experiences and Discourses of Sexuality and Gender* provides a valuable insight into the experiences of young people and how bullying can impact upon them in the school environment. The book offers an introduction to the key issues associated with bullying on the grounds of sex and sexual orientation, and points to key policies and guidance on these difficult issues.

With cutting-edge research and applied studies from leading academics and practitioners in the field, *Bullying* combines theory with suggestions for practical intervention for practitioners in education and social work.
