## **Transformations of Populism in Europe and the Americas: History and Recent Tendencies**

The recent resurgence of populist movements and parties has led to a revival of scholarly interest in populism. This volume brings together well-established and new scholars to reassess the subject and combine historical and theoretical perspectives to shed new light on the history of the subject, as well as enriching contemporary discussions.

In three parts, the contributors explore the history of populism in different regions, theories of populism and recent populist movements. Taken together, the contributions included in this book represent the most comprehensive and wide-ranging study of the topic to date. Questions addressed include:

- What are the 'essential' characteristics of populism?
- Is it important to distinguish between left- and right-wing populism?
- How can the transformation of populist movements be explained?

This is the most thorough and up to date comparative historical study of populism available. As such it will be of great value to anyone researching or studying the topic.

#### **John McGinnis:**

As a pupil exactly feel bored to help reading. If their teacher inquired them to go to the library or to make summary for some publication, they are complained. Just little students that has reading's internal or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Transformations of Populism in Europe and the Americas: History and Recent Tendencies can make you really feel more interested to read.
