The Push & the Pull Darryl Whetter

Andrew Day embarks on a bicycle trip from Halifax to Kingston, his childhood home. As he goes, the dual narratives of Andrew's life emerge: the slow, painful death of his father and the disappearance of Betty, who may be lost to him forever. He contemplates, too, the nature of desire. En route, Andrew sloughs off his fears, material goods, and attachments. In episodes of intensifying violence, he leaves the highway and rides the back roads under the cover of night. By the time he arrives home, an epiphany greets him. Darryl Whetter writes with compelling intensity of athleticism and degeneration, isolation and community, the weight of desire and the joy and anguish present in all things.
