It's the summer of 1984 and there is a sense of unease on the troubled Sweetmeadows estate. The residents are in shock after the suspicious death of a baby and tension is growing due to the ongoing miners' strike. Journalist Clare Jackson follows the story as police bungle the inquiry and struggle to contain the escalating violence. Haunted by a personal trauma she can't face up to, Clare is shadowed by nine-year-old Amy, a bright but neglected little girl who seems to know more about the incident than she's letting on. As the days go on and the killer is not found, Clare ignores warnings not to get too close to her stories and, in doing so, puts her own life in jeopardy.
