Angels in the Snow: A Novella Melody Carlson

Themes of grief, love, and renewed faith intertwine in this winsome novella by best-selling author Melody Carlson.

The recently widowed Claire Andrews is mourning the deaths of her husband and young son who were killed in a boating accident. Grief-stricken and angry with God, Claire, a professional artist, finds she is no longer able to paint. In her sorrow, she flees to an isolated cabin in the Cascade Mountains to find solace and healing, and hopefully, her talent again.

As Claire walks through the woods each day, she discovers two sets of footprints in the snow—an adult's and a child's. Although Claire desperately wants to believe that the prints belong to the loved husband and child she has lost, discovering the true identity of the ones who make the tracks will reawaken romance and restore her faith.

Melody Carlson's legions of readers will embrace this newest tale of love and hope that has seasonal appeal for Christmas gift-giving and the timeless allure of a story well told.
