How we handle hardships determines much of who we are. *It's Tough Growing Up: Children's Stories of Courage* will comfort youths with the knowledge that they are not alone with their problems and that others before them have wrestled with similar difficulties. The stories in *It's Tough Growing Up* are written by adults who used to be the readers' ages and who had difficulties much like any normal adolescent or teenager. From encountering a bully at school to dealing with leukemia, the authors want readers to know that they will triumph no matter what battles they have to fight.
