In The South Seas: Extended Annotated Edition

Robert Louis Stevenson

In The South Seas: Extended Annotated Edition Robert Louis Stevenson

This is the extended annotated edition including a detailed biographical primer on the life and works of the author.

In the South Seas, as here available to the reader, is the result of a journey on the 'Casco' together with Stevenson's mother, wife and stepson. The earlier parts, those on the Marquesas and Paumotos, or low or atoll islands, most definitely mark Stevenson's original intention ; those on the Gilberts, with their picture of the king Tembinok, are more in the personal strain of R. L. S., and are thus accepted as the most successful part of these writings. But the things most to be regretted about them is their omissions ; nothing of Stevenson's long stay at Tautira as the guest of the chief Ori a Ori, nor of his visit to the leper settlement of Molokai. His letters to friends in England, and the extracts from his journal in the ' Life ' do something to fill in these gaps, but not in proportion to the interest of the subjects.
