This book Orthopedics (Quick Review NEET/DNB Supplement) is intended to help the student to quickly review the subject for MCQ examinations. The table of contents of the book covers the wide landscape of orthopaedic discipline. To maintain objectivity and transparency, admissions based upon objective MCQ type of questions is the best of all assessment systems, granting that no assessment system is really “perfect”. This book would help the prospective candidates to channelise their thinking process for the admission tests. The question-answer style of various sections would also help the prospective faculty (who compose the MCQs) to standardise the frame word for constructing the question with least ambiguity and for appropriate level of MBBS graduates.
